Objective

As a highly motivated and detail-oriented Junior Software Engineer, I am eager to contribute my technical skills and passion for coding to a dynamic development team. With a solid foundation in programming languages such as HTML, CSS, JavaScript, and Phyton, along with hands-on experience in MERN Stack. I am ready to take on challenging projects and collaborate with experienced professionals to further enhance my expertise. My goal is to leverage my problem-solving abilities and strong analytical skills to develop innovative and efficient software solutions, while continuously learning and growing in a collaborative and fast-paced environment."

Skills

- Basic knowledge of Python, HTML, CSS, JavaScript, C++, and Mern Stack.
- Basic knowledge about Computer Networking and Cloud based virtual machines.
- Ability to communicate effectively with the clients and colleagues.
- Knowledge in health and safety policies and procedure.
- Knowledge in general principles of first aid
- Ability to work independently, under pressure, and time management.
- Ability to work well in team environment and able to express accuracy, attention detail.
- Aspired to help others, hardworking and trustworthy.
- Enthusiastic about taking new challenges.
